

## **Elliott Fullam - Kick You Down**

**You want me to fall on down  
Underwater just to drown**

**Wouldn't do this to you  
Wouldn't do this to you**

**Like a {?}, you pick me apart  
It looks like you have no heart**

**Wouldn't do this to you  
Wouldn't do this to you  
They kick you down  
Then you stand up  
They kick you down  
Then you stand up**

**Why don't you just push me away?  
There is nothing that I could say**

**Wouldn't do this to you  
Wouldn't do this to you**

**Am I worth having around?  
There won't be a change in sound**

**Wouldn't do this to you  
Wouldn't do this to you**

**They kick you down  
When you stand up  
They kick you down**

**When you stand up**

**They kick you down**

**When you stand up**

**They kick you down**

**When you stand up**
