

Sivan Langer - Three Monkey Song

**I don't hear I don't see I don't know
Is that a cool way to go?**

**If you're happy and you want to come along
Come and sing with us the three monkeys song**

**And again
And once again**

**I'm not here I'm not there I don't care
Are you the new Adware?
If you're angry and think everything is wrong
Come and sing with me the three monkeys song**

**And again
And once again**

**Let's hear it for the monkeys in the show
Let's hear it for the junkies that we know
Let's hear it for the lost and the found
Let's hear it for the ones who hang around**
