

Ninajirachi & Kota Banks - Crush Me

Make the kitty cry

That's a pretty sky

Sing a lullaby, rock me to sleep

We could do it all in the morning falling slowly like the leaves, babe

Things i think i know, watch 'em take control yeah

Way i never can quite let go, guess i really want you to know

Make the kitty cry

That's a pretty sky

Sing a lullaby, rock me to sleep

We could do it all in the morning falling slowly like the leaves, babe

Things i think i know, watch 'em take control yeah

Way i never can quite let go, guess i really want you to know, huh

Crush me, trust me

Crush mĐµ, crush me

Trust me, babe

Crush mĐµ, trust me

Crush me, crush me

Trust me, babe

Crush me, trust me

Crush me, crush me

Trust me, babe

Crush me, trust me

Crush me, crush me

Trust me, babe

Sweet like a slushy

I'm a little rusty

Two second eye contact i'm blushing

**You're nothing like no one i've met, you're the best, i'm obsessed, i'm a d
ress, i'm adjusting**

'do you trust me?' boy no of course i don't

Two word sentence stuck in my throat, try say it and i choke

So i put it in a note, just read what i wrote, and i quote:

Make the kitty cry

That's a pretty sky

Sing a lullaby, rock me to sleep

We could do it all in the morning falling slowly like the leaves, babe

Things i think i know, watch 'em take control yeah

Way i never can quite let go, guess i really want you to know, huh

Crush me, trust me

Crush me, crush me

Trust me, babe

Crush me, trust me

Crush me, crush me

Trust me, babe

Crush me, trust me

Crush me, crush me

Trust me, babe

Crush me, trust me

Crush me, crush me

Trust me, babe
