

Fox the Fox - Precious Little Diamond

{Chorus}

Precious little diamond

I leave it all to you

Precious little diamond

Let it come to you

Precious little, precious little diamond

I leave it all to you

Precious little diamond

Crystallizing you

{Verse 1}

Well, I got my reasons why I still believe in you

You're my cry of wonder

There's no doubt I need you

Love is talking to me

Whisper sweet things in my ear

Chain to chain reaction

If you pull, I move along

You're my will and pleasure

Never felt so good, so strong

{Chorus}

Precious little diamond

I leave it all to you

Precious little diamond

Let it come to you

Precious little diamond

I leave it all to you

Precious little diamond

Crystallizing you

{Bridge}

Still I got my reasons
Won't you talk to me
You're a precious diamond
Baby, stay with me
As you're coming closer
Pressure disappears
Baby, take it over
Everything's so clear

{Verse 2}

Well, I got my reasons why I still believe in you
You're my cry of wonder
There's no doubt I need you
Love is talking to me
Whisper sweet things in my ear

{Instrumental}

{Chorus}

Precious little diamond
I leave it all to you
Precious little diamond
Crystallizing you
(Ooh, I got my reasons
Won't you talk to me)
Precious little diamond
(You're a precious diamond
Baby, stay with me)
I leave it all to you
(As you're coming closer
Pressure disappears)
Precious little diamond
(Baby, take it over
Everything's so clear)

Let it come to you

{Outro}

Precious little diamond

I leave it all to you

Precious little diamond

Crystallizing you
