

## **Whitney Bjerken - Peachy Pie**

**I remember holding your big strong hand  
And walking down to where the water meets the sand  
You spoke to me with words of wisdom and sage  
And I listened even though I didn't understand**

**Walking all the dogs outside  
Watch the nascars on tv race on by  
Going out to dinners breakfast and lunch with this crazy family of mine**

**â€˜cause even when times get hard  
We see strength in all of our eyes  
Though your body may be bruised and scraped and scarred  
You're still superman to peachy pie  
Wake up early so I'd always be on time  
Watch the sun come up on our early rides  
Twist and turns down the back roads  
Cruising through the countryside**

**I answer all your questions with yes and no  
We talked about my days and how they go  
You said that I'd forget those rides  
But those are the moments I'm never letting go**

**â€˜cause even when times get hard  
We see strength in all of our eyes  
Though your body may be bruised and scraped and scarred  
You're still superman to peachy pie**

**And now we face the hardest part  
As you leave us to live above the sky  
I will keep you forever in my heart**

**You'll always be superman to peachy pie**
