

Fall Out Boy - Novocaine

{Verse 1}

**This is a black, black ski mask song
So put all of your anger on
In the truly gruesome do we trust
I will always land on you like a sucker punch**

{Pre-Chorus}

**Singing I am your worst, I am your worst nightmare
I am your worst, I am your worst nightmare
If you knew, knew what the bluebirds sang at you
You would never sing along
Cast them out 'cause this is our culture
These new flocks are nothing but vultures**

{Chorus}

**Because they took our love and they filled it up
Filled it up with novocaine and now I'm just numb
Now I'm just numb
Don't mind me, I'm just the son of a gun
So don't stop, don't stop 'till your heart goes numb
Now I'm just numb
I don't feel a thing for you**

{Verse 2}

**I'm just a problem that doesn't want to be solved
So could you please hold your applause
Take this sideshow and all its freaks
And turn it into the silver screen dream**

{Pre- Chorus}

**Singing I am your worst, I am your worst nightmare
I am your worst, I am your worst nightmare**

If you knew, knew what the blue birds sang at you
You would never sing along
Cast them out 'cause this is our culture
These new flocks are nothing but vultures

{Chorus}

Because they took our love and they filled it up
Filled it up with novocaine and now I'm just numb
Now I'm just numb
Don't mind me, I'm just the son of a gun
So don't stop, don't stop till your heart goes numb
Now I'm just numb
I don't feel a thing for you

{Bridge}

Ooooh, I say one day the valley's gonna swallow me whole
(Hijack the hype, hijack the hype)
I feel like a photo that's been overexposed
(Hijack the hype, hijack the hype)

{Chorus}

Because they took our love and they filled it up
Filled it up with novocaine and now I'm just numb
Now I'm just numb
Don't mind me, I'm just the son of a gun
So don't stop, don't stop till your heart goes numb
Now I'm just numb
I don't feel a thing for you
