

Zai - Outta Your League!

|Intro: Zai|

Mm, yeah, ahh

No, no, no, ooh, oh

|Verse 1: Batya Belle|

I know i'm out of your league, I know i'm out of your reach

But won't u just hit me up, I'll make u really believe

I know the the stars don't collide, but I see them in your eyes

I know i'm outta your league, but ill show u it's meant to be

Is this the end or the start of our summer, cuz' baby I want it all

But I'm out of your league

|Pre-Hook: Zai|

Yeah, yeah

I know i'm outta your league

But we got good chemistry, ooh, ooh

|Hook: Zai|

Maybe if I wasn't distant, you'd understand that I have all these feelings
for you (yuh)

But I'm saying baby, when your on my phone

On the switch side, I be down whĐµn I'm alone

You my ride or die, maybĐµ if you heard your ringtone (maybe if you heard yo
' ringtone)

I could call you mine, where we could last this long

|Bridge: Zai|

Is this the end, or the start of our summer?

Cuz girl if you don't wanna be with me then time will tell

Just say the word baby I'll come through

But you know, I love you

Na-na-na-no

Yeah, yeah, na-na

Na-na-na-no

Woah, yeah, no, yeah
