

FalcoSoFly - X Plane

{chorus:falcosofly}

I'm on the x plane

All y'all like to do is complain

I feel like it's a snow day,we got white like it's cocaine

And we sipping on that propane

No pain,no gain

Might get your ass sprained

I got my homeboy trained

Now i got him on a chain

40 to his head,make it go bang

Okay you batman,i'll be bane

I feel like prince,make that purple rain

The juice gon mess up my damn brain

Woke up and chose violence

I'm flying solo,i'm a pilot

Well damn,he tried it

You ain't hit a lick yet,stop lying

Yuh

{verse 1:falcosofly}

Moon on my wrist,yuh

Tell it good knight,yuh

We going up like a kite,yuh

That's wrong but i know my rights

Let's get it on tonight

We can fuck anywhere you likÐµ

Then we take off likÐµ thieves in the night

I just opened my third eye

I just opened a bank account

Oh me,oh my

I'm so high than i can kiss the sky yuh

But i don't wanna get too high,then i might die yuh

We tryna make it out here,do y'all remember survivor?

Well like that band,i got the eye of a tiger

So i drop that fire like i was smokey bear

She send me the addy and i'll be there

She like to play with her hair

Good thing i got my ass prepared

Usually i want you to stay
But just please hop off my cock
