

Adamariz - 22 & CONFUSED

|Intro|

Yeah

It's adamariz

Man I just turned twenty two and I just-

I just feel so confused man

|Hook 1|

I'm 22 and confused

Wondering what to do

Begging God for a clue

Tryna change my point of view

Tryna keep my cool

|Verse|

Like God where are you?

Cause I got my feelings mixed

Between what is free and what is true

And I'm tryna discern those who are blocking my blessings

They got me constantly stressing

On things I can't control

Ain't no happy home

When you feel like you're better off alone

Think I'm better off-

Know I'm better off-

I've been left alone

Cause I pushed y'all away

I have nowhĐµre to stay

Might move out to LA

Chase fakĐµ

Different place

Smiling face

Contemplate switching lanes

Cause I'm on the wrong road

Yeah

No happy home

All alone

Nowhere to go

[Hook 2]

I'm 22 and confused

Time to stop breaking rules

Always acting like a fool

Time to learn what is true

[Verse 2]

Hop back in the booth

Said this for the youth

But it's really for you

And they don't know who

And they don't know who

And they don't know who

[Hook 3]

I'm 22 and confused

God control my thoughts

They're starting to get loose

I'm 22 and confused

God control my thoughts

Quick before I tie the noose

Quick before I tie the noose
