

Swing Out Sister - You on My Mind

**Friends say I'll get over you soon
Thoughts of you come back to fill me with gloom
Time forgets, but I'm not over you yet
There's no sense in asking why
Until the tears run dry**

**There's no one but you on my mind
Searching for a perfect ending that we'll never find
If we could make it work this time**

**Years have flown by since you've been gone
This broken heart of mine's been waiting too long
All alone without you I can't carry on
There's no sense in asking why
Until I'm there by your side
There's no one but you on my mind
Searching for a perfect ending that we'll never find
If we could make it work this time
We could plant tomorrows dreams now together
In a garden to last forever more
And the flowers would grow
From the seeds we'd sow...**

**There's no one but you on my mind
Searching for a perfect ending that we'll never find
If we could make it work this time**

**There's no sense of asking why
Until the tears run dry
I could be there by your side
If you would only change your mind**

If we could make it work this time
