

Gentleman - Changes

{Intro:}

**No more time to waste
And you know just wat to do
Leaving out the old
And picking up the new
And there is nothing to replace
Cause it's all inside of you (changes)
Mind finally awake
And you nah sleep no more
Now you know the dept of yourself
And even more in store
You have been rich
And you thought you were so poor (changes)**

{Chorus:}

**I can see the rain
Falling on my window pane
Hear this voice again
Don't worry bout tomorrow no
We wouldn't feel the same
This is to erase the pain
Hear this voice again
Go build a betta tomorrow yeah**

{Verse 1:}

**Seems like there's no justice
Me hear dem bawling out for peace
And a war dem a practice
Find di code mek we crack dis
Nah go feel no way
Breaking out today
Di system attract dis**

Corrupt mi mind
But you cya touch mi soul
Humble as a lamb
But like a lion me roar
Me nah read yuh script
And me nah play yuh roll
Caz me see di fool has never been told
Soh me sing again

{Chorus:}

I can see the rain
Falling on my window pane
Hear this voice again
Don't worry bout tomorrow no
We wouldn't feel the same
This is to erase the pain
Hear this voice again
Go build a betta tomorrow yeah

{Verse 2:}

See dem and recruit
And you know we nah go join dem
Eyes wide open
So we see between di line dem
Treseaus well hidden
But we know where to find dem
Be not afraid
Speak wat is on your mind den
Mount lef and clear
Very hard to define dem
From any indecision
Yeah we need to decline dem
Take wat is yours
And leave wat is mine then

Living one day at a time den

{Chorus:}

I can see the rain

Falling on my window pane

Hear this voice again

Don't worry bout tomorrow no

We wouldn't feel the same

This is to erase the pain

Hear this voice again

Go build a betta tomorrow yeah

{Verse 3:}

No more time to waste

And you know just wat to do

Leaving out the old

And picking up the new

And there is nothing to replace

Cause it's all inside of you (changes)

Now you know the dept of yourself

And even more in store

You have been rich

And you thought you were so poor (changes)
