**I'm tryna stick it stick it to the man  
She tired of having fun  
Now she wanna know the game  
You know a nigga too hot I need a couple fans  
She wanna another life but she can't handle the flame**

**Escanor pride  
Got me feeling like a sin  
Aiming for the top and never looking back  
Gonna cause a rumbling on all my enemies  
Expanding my domain they wanna know my name  
Coz I'll be reppin in the hood every chance I get  
Stick up to the lines that you underrate  
I'll be sticking to them goons but them niggas dead  
She wanna have my life coz she knows a nigga don't play  
Like that Gin and juice, we drinking nigga hydrate  
Gonna get yourself got unless you hide it  
Now I'm tryna catch a silly nigga eyeing me
