

Switchblade Kittens - Stand Alone

Verse:

**For what is right, I'll take a stand
There is no easy life, you understand
Not a chance in hell, I don't stand
But on my two feet I will stand
I hear my mother say united we stand
This world pushed me down I'll grandstand**

Chorus:

**The stand for the party of one
I will not stand down
I'll stand aside for no one
Even if I have to stand alone**

Verse:

**Standing out, from the crowd
Standing trial, to death I've bowed
Standing by, my friends I'm proud
Standing my ground, on a cloud
Standing to lose a fortune, like a shroud
Standing to reason, I will shout out loud**
