

Gee Threee - #Killtheoldme

|Intro|

**Driving down this road for like far too long
Ain't no turning back-back, too far gone
I try to make it right, even though I'm wrong
I try to make it right, even though I'm wrong**

|Refrain|

**Oh woah
You don' know anything about me
You don' know anything about me**

|Chorus|

**You don' know anything about me
You don' know anything about me
Keep my fuckin' name up out your mouth 'B'
Keep my fuckin' name up out your mouth 'B' woah
You don' know anything about me
You don' know anything about me
Keep my fuckin' name up out your mouth 'B'
Keep my fuckin' name up out your mouth 'B' woah**

Ain't no turning back 'cause I'm too far gone
I try to make it right, even though I'm wrong
I try to make it right, even though I'm wrong**

**Damn
Now I'm sitting here
See it in your eyes and my vision clear
When I look at you I'm lookin' in a mirror**

'Cause when it falls down yah you disappear

You don' know anything about me

You don' know anything about me

Keep my fuckin' name up out your mouth 'B'

Keep my fuckin' name up out your mouth 'B' woah

You don' know anything about me

You don' know anything about me

Kee-keep my fuckin' name up out your mouth 'B'

Keep my fuckin' name up out your mouth 'B' woah
