

Poi Dog Pondering - Fall Upon Me

{Verse 1}

Fall upon me in my quiet pain

Fall upon me again and again

Across wide open fields

And grass down of green

Fall upon me

Fall upon me

{Chorus}

I'm awake but my head is in the air

Wide awake take me walking into the cold, cold air

{Verse 2}

Fall upon me like a hundred flowers

Fall upon me like the masseuse of hours

Give me the breath of life

From your loving chest

Fall upon me

Fall upon me

{Chorus}

I'm awake but my head is in the air

Wide awake take me walking into the cold, cold air

{Verse 3}

Fall upon me in the pouring rain

Wet my lips again and again

Give me the grace of your fingertips

Fall upon me

Fall upon me

{Chorus}

I'm awake but my head is in the air

Wide awake take me walking into the cold, cold air

{Outro}

Fall upon me

Fall upon me
