

Foxes on the Run - Gone

|Intro|

|Verse|

**Too late, I've closed my eyes
Left a world behind, all the lies
Coming down like, drops of water
Making pool of tears
What have I done with, all those years?
Are gone, gone forever and ever and ever
Falling through, the black night
Sinking, the deep blue sea
Anchored to the bottom
There's no hope, I know**

|Chorus|

**I'll feel the cold, I felt the lie
Killed me, from the inside
Drained my nights, made me live in fear
But It's gone, all the misery
It's finally over**
