

Foxes on the Run - The Hunt

|Intro|

|Verse|

Walk in the night, death's eyes stare down the moonlight

Won't be long, until those hungry eyes

Find their prey

|Chorus|

It wasn't as easy; they gave away more than they could

Boy I wish you would

Know better than to take what doesn't belong to you

|Verse|

Hideaway on a backroad, runaway through the trees

There ain't much you can do, shhhhh

Or they'll find you

|Outro|

Don't

Don't

Don't

Don't

Don't

Don't

Don't

Make a sound

Don't
