

## **Kon Kan - Bite the Bullet**

**3, 2, 1, go**

**Every time, I see your face  
Every night I live my place in this dream  
You keep me comin back  
You keep me comin, comin  
Just can't seem to get you off my mind**

**Every time, I feel this heat  
Every night I want you next to me  
You keep me comin back  
You keep me comin, comin  
Just can't seem to get you off my mind  
In my flesh I wait  
Stripped of my pride  
If you could only read my mind  
Want to come inside**

**Bite the bullet  
It's just a matter of time  
Bite the bullet  
It's just a matter of time**

**I keep coming back  
To hear the same beat  
I keep coming back  
To hear the same beat**

**Every time, I see your face  
Every night I live my place in this dream  
You keep me comin back**
