

## **Christian Kjellvander - Foreign Rain**

**I dreamt you like a bird  
Songs left half-heard  
I wanted to be around  
Your back and where I'm bound**

**and it's in the eyes or the air between our  
.most fires, burn out in an hour**

**And I want you more than need you  
Cause who needs trouble ticking dear  
Saved the final call  
And oh so sad to hear  
and it's in the eyes or the air between our  
fire, burn out in an hour!**
