

## **FalcoSoFly - War with Me**

**[Chorus:FalcoSoFly]**

**Yuh**

**None of these fuck niggas want war with me**

**Yuh,want war with me**

**I carry an AR wit them 223's**

**Make a nigga wanna get on his knees**

**Like he got a disease woah**

**And you don't want beef with me**

**I got a foreign hoe and she riding the D**

**I'm bout to rat you out to the fucking police**

**Damn**

**[Verse 1:FalcoSoFly]**

**Let me know how that works out for you**

**Cause you slid and your man died**

**Yep,I don't give a fuck**

**I was rolling round in a Bentley truck**

**I was booted up**

**Doing this rapping shit gets me a few bucks**

**My shows go crazy though**

**Hop in the pipe like Mario**

**I run this shit from New York to Ontario**

**I cannot ever be sorry though**

**Like A Tribe Called Quest said,â€•What's the scenario?â€•**

**You better turn my music up**

**Yeah,on the stereo**

**Everybody turning up like there he go**

**There he go**

**Damn**

**If I move like a zombie then blame the codeine**

**It goes in,once it does it messes up my genes**

**Ain't on Levi's shit,although most of my team has them ripped**

**I don't like ripped**

**Scared yet?**

**Oh,you niggas aren't even prepared yet**

**Knocked a nigga out,didn't use my fist but instead I used Claritec**

**Guess you can call me Jack cause I got a lil secret bout my nail tech**

**I'mma send these niggas up,yes I'm sending them to heck**

**Came out of the swamp and I feel like Shrek**

**Yeah**
