

## **Bing Crosby - Silver On the Sage**

**There's silver on the sage tonight  
Sprinkled by the Moon above  
So lie down dawgies and let me dream  
Of the one gal I love**

**There's silver on the sage tonight  
We've been on the trail all day  
So lie down doggies and you dream too  
Of a range far away**

**Of a range waitin' for you  
Where the streams never go dry  
And the grass sparkles with dewdrops  
In the meadows of the sweet by and by  
There's silver on the sage tonight  
Sprinkled by the Moon above  
So lie down dawgies and let me dream  
Of the one I love  
Of the gal I love**
