

Staggy - connecticut plates

{chorus}

I saw your face come up in my mind
I ain't been at home, it's been a long time
In san francisco, all i'm seeing is connecticut plates
I had to call you just to tell you i want you at my place
I saw your face come up in my mind
I ain't been at home, it's been a long time
In san francisco, all i'm seeing is connecticut plates
I had to call you just to tell you i want you at my place (yeah)

{verse 1}

I really want to punch my ticket
I've been low, girl, i admit it
I don't think i'd pass emissions
Heart's been going a mile a minute
I saw your face come up in my mind
I, i hope we in it for the long ride
Said, "this is done," girl, i won't let it
Not gonna live and i can't find a medic
And i know if you leave then you're gonna regret it
But if you're gone, know i'll nĐμver forget it (oh)
Bet you nĐμver thought about it 'til this song
Think about you often, girl, don't get me wrong (fucked up)
You need a clover, girl, go get your luck up
Said, "put it on me, girl," so why you acting stuck-up?
You need to quit that talking, girl, so shut the fuck up
Ain't seen a girl like you, that's why i'm feeling lovestruck

{chorus}

I saw your face come up in my mind
I ain't been at home, it's been a long time
In san francisco, all i'm seeing is connecticut plates

I had to call you just to tell you i want you at my place

{verse 2}

I had to call you just to tell you i want you to pull up on me

I want you to tell me now, have you been faking or you want me?

Know i said it from the start, i know that i'm life of the party

I've been wasted every day, replacing water with bacardi

I know i said it from the start, if i hurt you then, girl, i'm sorry

I'll give you anything you want if it's just love or you want marni

And you know i don't play these games, this ain't no ps4, atari

I had to call you just to tell you i want you to pull up on me

{bridge: 1sloan}

Y'all still saying connecticut, you're confusing me

This is 1sloan, shoutout connecticut (shoutout connecticut!)

Shoutout connecticut

{chorus}

I saw your face come up in my mind

I ain't been at home, it's been a long time

In san francisco, all i'm seeing is connecticut plates

I had to call you just to tell you i want you at my place (yeah)

{outro}

Call you just to tell you 'bout connecticut plates (yeah)

'b-bout connecticutâ€™ connecticut (yeah)

Call you just to tell you 'bout connecticut plates (yeah)

I-i-i want you at my place (yeah)
