

Pureojuice - Naruto UK Drill

{chorus}

If you are not from konoha
And i sense your chakra
I'm bussin' my rasengan
Abandoned his gang
Slashed his headband
Akatsuki itachi
We wiped out his clan
And they cannot reanimate
They're genin to me
I'm used to them s-rank missions
My battle iq's like shikamaru
Immortal hidan, got turned to a victim
If you are not from konoha
And i sense your chakra
I'm bussin' my rasengan
Abandoned his gang
Slashed his headband
Akatsuki itachi
We wiped out his clan
And they cannot reanimate
They're genin to me
I'm used to them s-rank missions
My battle iq's like shikamaru
Immortal hidan, got turned to a victim

{verse 1}

A friend of a opp is a opp
Treacherous snake orochimaru
I killed my close friend
Gave me mangekyou
Amaterasu if i look at you

Like madara he thought he was that
Guy sent him gates of death with my taijutsu
Ninjutsu or genjutsu thousand of skills like the senju
Bury opps in sand like gaara
I let the thing bang like deidara
Kisame my sword wet him up
I love go round there depleting chakra
Kurama demon when i see him
I humble ninjas hashirama
I wasn't sasori when he got dropped
But i play with the opps puppet master

{chorus}

If you are not from konoha
And i sense your chakra
I'm bussin' my rasengan
Abandoned his gang
Slashed his headband
Akatsuki itachi
We wiped out his clan
And they cannot reanimate

{verse 2}
That drill got done with my kunai blade
I was gone in a flash minato
Rock lee if i drop that weight
Shinra tensei i'll cause them pain nagato
This beef is like ramen to me
I'm telling the chef arigato
Collecting their eyes like danzo
I see through the opps obito
I think i see me an opp byakugan
My bros kakashi if i attack a man
He copies like sharingan
What you know about jumping man?
Kage bunshin no jutsu one v gang
We're winning the beef so opps wanna
Swap sides like sasuke's rinnegan
