

Kon Kan - Am I In Love

**Mirror, mirror on the wall
Can you help me understand it all
Am i dreaming
What i'm feeling?**

**Pieces fall and slip away
Can't remember my own name
I'm a stranger
Is it danger?**

**On the wall you're always there
I see myself within yor stare
Mirror mirror don't you care
I look around, it's everywhere
Am i in love, am i in love
Can i deny it when she's all i'm thinking of
Am i in love, am i in love
Why should i fight it, now i'm never giving up**

**Mirror mirror i confess
Never though i'd pass the test
But i'm learning
Tables turning**

**Do i need her? yes i do
I know she feels the same way too
It's a secret
Can you keep it?**

**When your heart has had enough
Of crying out and giving up**

**You turn around and someone's there
To steal the heart you want to share**

**Am i in love, am i in love
Can i deny it when she's all i'm thinking of
Am i in love, am i in love
Why should i fight it, now i'm never giving up**

**(am i in love, am i in love)
Can i deny it when she's all i'm thinking of
Am i in love, am i in love
Why should i fight it, now i'm never giving up
Am i in love, am i in love
Can i deny it when she's all i'm thinking of
Am i in love, am i in love
Why should i fight it, now i'm never giving up**
