

The Burns Sisters - Dance Upon The Earth

**I'm gonna dance upon this earth
I'm gonna find some joy in all this madness
I have always been a dreamer, since I was a little girl
Someone's always trying to change me
That can't happen now, I'll do what I please**

**CHORUS: I'm gonna dance upon this earth
I'm gonna find some joy in all this madness
I'm gonna be the one that you see
Living here, now, feeling free
I remember from my childhood, words my mother gave to me
She said, Jesus died for all us sinners
You gotta suffer in this world to find eternity**

CHORUS

**I'm so tired of feeling angry, holding someone else's shame
In a world so cold and full of sorrow
I'm going to find a way, I'm going to break the chains**

CHORUS 3X

Dancing on this earth, it's part of me
