

Cecilia Castleman - You

**I wish that I could drive away from here
â€ˆCause there's no use for me anymore I'm not the kind of girl you think I am
I spend most my days alone**

**And yeah, it's no secret
Even though you try to keep it
But you go thru girls like you go thru cigarettes
Yeah, you go thru girls like you go thru cigarettes**

**So you walk around your empty house
Humming our song to yourself
You say you'll be better from now on
But there's no cure for being young
And yeah, it's no secret
Even though you try to keep it
But you go thru girls like you go thru cigarettes
Yeah, you go thru girls like you go thru cigarettes**

**And yeah, it's no secret
Even though you don't believe it
But you go thru girls like you go thru cigarettes**

**Yeah, you go thru girls like you go thru cigarettes
Yeah, you go thru girls like you go thru cigarettes
Yeah, you go thru girls like you go thru cigarettes**
