

The Burns Sisters - Runaway Train

**I'm not usually one to talk to strangers
But I walked right up to you and said hello
I might be flirting with danger
This might not be love but here I go**

**I'm on a runaway train
On a hell bent track
After one look
I knew there was no turning back
No jumping off
We're moving way too fast
And i couldn't stop it even if i tried
So I'll just enjoy the ride
I'm on a runaway train
Now you may be this small town's big heartbreaker
Or you may be the mate to my lost soul
Hope I'm not making a mistake here
All aboard for losing all control**

**I'm on a runaway train
On a hell bent track
After one look
I knew there was no turning back
No jumping off
We're moving way too fast
And i couldn't stop it even if i tried
So I'll just enjoy the ride
I'm on a runaway train**

**Now there's no way for us to know
Which way this is gonna go**

All we can do is hold on tight

I'm on a runaway train

I'm on a runaway train

On a hell bent track

After one look

I knew there was no turning back

No jumping off

We're moving way too fast

And i couldn't stop it even if i tried

So I'll just enjoy the ride

I'm on a runaway train
