

## **Nolan Lewis - SLEIGH!!!**

**{Hook}**

**These Grinches got it twisted**

**Like candy cane**

**They don't want our gifts (Too bad)**

**We here to stay**

**So get on up**

**Don apparel, oh so gay**

**Round up the reindeer**

**â€˜Cause we â€˜gon slay**

**We â€˜gon slay**

**We â€˜gon slay**

**Round up the reindeer**

**â€˜Cause we â€˜gon slay**

**We â€˜gon slay**

**We â€˜gon slay**

**When I'm with my best friends, it's a happy holiday (Okay)**

**{Verse 1}**

**Yuh, tree lit, got my scarf on, bundled**

**If I see it fit, get the mistletoe and snuggle**

**All year, been a busy bee, bumble**

**But now the cookies are the only thing that crumble**

**We gon' eat â€˜em up**

**Cocoa in my cup**

**These ho-hoes in my business**

**Guess they never sleep enough**

**Set aside our differences**

**For good ol' peace and love**

**Everybody better, the weather ain't giving up**

**Might turn to a sledder if the inches increase**

**Night in with all my people**

**And it's giving me glee**

And they drinking quite a bit, I should mention the fee  
At least I know that Santa's coming  
While we getting some Z's

{Verse 2}

Singing â€œall I want for Christmasâ€•  
Santa must be going fast, I think he missed us  
Maybe we naughty, naughty  
Too messy, sloppy, sloppy  
I named my core A24  
â€˜Cause we got bodies, bodies, bodies  
Mama just popped the rosÃ©  
â€˜Mas movies on the TV  
You know I won't be chowing down  
Unless they got the Old Bay  
And yeah, that's word to Frosty  
Kris K and Rudolph, too

No, don't mean Maya  
By the fire with some C.N. soup  
We feeling jolly, so pop some noggy  
Let loose and party  
With my buddies, my since the gutties  
Give â€™em my loving  
Said it's becoming the happiest of holidays  
In my heart is where the Christmas spirit always stays
