

Roadrunner United - No Más Control

I will burn la condicion

Que me infecta

No es tu control

Que me afecta

My infliction

One dimension

Dispossession

I

I gotta get out from this whole

I gotta release el control

I gotta get out

Respect is got to be

Mi libertad la solucion

I never

Will surrender

Mi decision

Mi conviction

Mi division

I

I gotta get out from this whole

I gotta release el control

Y lo que me quema

No son tus problemas

You're bringin' me down, down, down

No more

No mas control

No mas control

No mas control

No mas controlâ€!

Forever is now or never

Y siempre pienso asi

I gotta get out from this whole

I gotta release el control

Y lo que me quema

No son tus problemas

Keep bringin' me down, down, down

No more

No mas control
