One look and they feel my Haki

They ain't Tryna cooked like Sanji

They're shook, look

You don't wanna hold one from this elephant gun

Might tear off your skin like brook, mook

Everything get took when I step in the room (room)

Everything shambles, I'm a crook

The government want me book

But I love this pirate life I'm crocodile hook

{Chorus} {Pureojuice}

The government put berries on my head

Try touch one strand on my straw-hat

Gomu Gomu no Gomu Gomu no

CP-0 gon drop like Dominos

How many ship got sunk like merry go

You ain't never navigate the grand line

To find the one piece and become Yonko

They know I'm affiliated with shanks

Scared a mans chest like zoro juro

The government put berries on my head
Try touch one strand on my straw-hat
Gomu Gomu no Gomu Gomu no
CP-0 gon drop like Dominos
How many ship got sunk like merry go
You ain't never navigate the grand line
To find the one piece and become Yonko
They know I'm affiliated with shanks
Scared a man's chest like zoro juro

Yo, yo

If I ring that bell, Enel

You better go low

And touch your toes

Yo, who's Dat? What's Dat?

Nandato, like kuzan he froze

If I get that drop, I'm there with the mop

Don't need no map or log pose

I'm cavendish, I'll take your bitch

Boa Hancock

You can never be king you clown

**You joker, doflamingo, Mingo
Better play your cards right, like Hawkins
Or you might go missing like vinsmoke
Put a hole in his chest like ace
I twin my blades like roronoa roronoa
Or I might just knock that prick out
Rock my fist like gomu gomu no gomu gomu no**

{Chorus}

**The government put berries on my head
Try touch one strand on my straw-hat
Gomu Gomu no Gomu Gomu no
CP-0 gon drop like Dominos

To find the one piece and become Yonko
