

# Roadrunner United - I Don't Wanna Be

{Verse 1}

They came from the sky

And they came from the sea

They came from the inside of the television screen

Babies of bastards

Breeding as one

The fate of Earth is doomed

I quit! I'm done!

{Pre-Chorus}

Some kind of darkness come creep over me

On what legal meat does our Caesar do feed?

So we could never be this free!no!

{Chorus}

I don't wanna to be a superhero

Never really cared about society

I don't wanna to be a superhero

I don't care so don't call me

{Verse 2}

They came from the sea

And they came from the sky

Captain America is going to die

Babies of bastards

Breeding for fun

The fate of Earth is doomed

Get your gun, I'm done

{Pre-Chorus}

Some kind of darkness come creep over me

On what legal meat does our Caesar do feed?

**So we could never be this freeâ€!no!**
