

Logy1 - Demon

{Pre Chorus}

Ghost, Ghost, Ghost, Demon Ghost

Ghost, Ghost, De Demon Ghost

{Chorus}

Ghost use option with rose. Devil niggas got 7 ghosts

Black and white like 7 roses. I got a place to make 7 toasts

Realize with time never get a vote. make life easier never load

I feel like an angel boat. I feel like living on the road

{Verse}

I can leave the breath with prime, yeah. my moves have been made by time, yeah

Big fact I can handle in prime, yeah. I can drink coffee without limĐμ, yeah

I just want to make one or tĐμn sessions. fake life can get regular lessons

I came for a natural vacation. I only got one dead lesson

I'm a ghost rapper in town, Oh

You know my ways when I say you're bad, Oh

My niggas standing in the grave, Oh

Demon Ghost timing is bad

{Chorus}

Ghost use option with rose. Devil niggas got 7 ghosts

Black and white like 7 roses. I got a place to make 7 toasts

Realize with time never get a vote. make life easier never load

I feel like an angel boat. I feel like living on the road
