

## **The Julie Ruin - Goodnight Goodbye**

**Drove all night through the dirty melted snow  
Didn't care if we ever got played on the radio  
Held ourselves together with tape and twine  
Wielded confidence like it was a shiny knife**

**Goodnight, goodbye  
Goodnight, goodbye  
Goodnight, goodbye  
Goodnight, goodbye**

**It happens when you're not twenty but forty-one  
And you have to sink into the you you've now become  
Will the teenage sneer you so cultivated  
Sneer back at you and make you feel so hated  
Goodnight, goodbye  
Goodnight, goodbye  
Goodnight, goodbye  
Goodnight, goodbye**

**Maybe it's human nature to feel so sure  
That suffering's a good excuse for bad behavior  
Left fades right and up can turn to down  
Pain can't fade when you wear it as a crown**

**Goodnight, goodbye  
Goodnight, goodbye  
Goodnight, goodbye  
Goodnight, goodbye  
Goodbye  
Goodbye  
Goodbye**

**Goodbye**
