

The Julie Ruin - Ha Ha Ha

**You wrote the plot out from the start
And made yourself the beating heart
I was the one who stole your crown
You were the one with the biggest mouth
Now if anti you means anti us
I guess we just bit the dust
Cuz in reverse it's still a pageant
Oh so cursed and not real magic**

**Ha ha ha ha armageddon
Ha ha ha ha armageddon
Ha ha ha ha armageddon
Ha ha ha ha armageddon
Just like Jim Jones you're charismatic
You spin your lies like an acrobat
It pains me so having to see
You self destruct so publicly
But if anti you means anti us
I guess we just bit the dust
Cuz in reverse it's still a pageant
Oh so cursed and not real magic**

**Ha ha ha ha armageddon
Ha ha ha ha armageddon
Ha ha ha ha armageddon
Ha ha ha ha armageddon**

**You're a roadblock dressed like a solution
An ambush with no ammunition
A pretty picture of a neutron bomb
A war started over a suburban lawn**

**I hear you talk talk but I can tell
You're more histrionic than historical
You're just a fake well read super mean girl
Who I don't want anywhere near my world
And if anti you means anti us
I guess we just bit the dust
Cuz in reverse it's still a fucking pageant
Oh so cursed and not real magic
Ha ha ha ha armageddon
Ha ha ha ha armageddon
Ha ha ha ha armageddon
Ha ha ha ha armageddon
Ha ha armageddon
Ha ha armageddon
Ha ha armageddon
Ha ha armageddon**
