

Rustage - OP

{Intro}

**Yah, hahahaha, OP, yah, yah, OP, they gon' act like they know me, I'm a man
in my own league, yah**

{Verse 1}

**Yah, I ain't even talking to you when you think that you're gold, but you'r
e not in the club lounge**

**Escanor in the booth, but the way that I spit, I bring light when the sun's down
And I've brought you the noose 'cause I've done this before, got more knots
than a cub scout**

**When I walk in the room it's like "ding-ding" - how it's over in one round
They gon' claim they're my rivals, man, that's disrespectful, that's libel
They gon' give me lessons, claim their independent, but then livĐµ their by
the Bible**

**Stop, I'm not your fan, I'm your idol, you're not good enough a disciple
They be dropping names like it's a fucking plague, that's the only way you
gon' viral**

**That's the only way that you're sick, man, bars on head like I'm Hitman
Can't be beat like I got Goku fans, but I started this like the Big Bang
You ain't making no impact, got no clicks like a skipped ad
Think you're mad 'cause you good at rap, but can't see you big like a bitch map**

{Chorus}

OP

They gon' act like they know me

I'm a man in my own league

Stepping up, they don't stand a chance 'cause, damn, I'm so

OP

Run your mouth, you don't know me

Ain't got nothing to show me

Stepping up, they don't stand a chance 'cause, damn, I'm so

OP

They gon' act like they know me

I'm a man in my own league

Stepping up, they don't stand a chance 'cause, damn, I'm so

OP

Run your mouth, you don't know me

Ain't got nothing to show me

Stepping up, they don't stand a chance 'cause, damn, I'm so (haha)

{Verse 2}

One time, better watch how I do this

NPC's acting stupid

They say you rap so good

Yeah, you rap so good, but you can't make music

Talk like you grinded man, no, you boosted

Gojo - a blinded man is not useless

Act like a psychopath, you're so clueless

I'm putting fighting back on to do lists

Can't pick a side, instead you choose violence

Man, there's no louder sound than your silence

They would give up the moment they tried this

Act like their learner's permit's a licence

I tried to be the guidance

But some men quarantine, they're on islands

Take out my own kind like I'm Alucard

And I understood the assignment, yeah

Serious punch, you're a delirious bunch

Say that you eat up the track, but you only be eating your school's cafeteria lunch

I see them all popping up, but don't act so surprised when they all disappear in a month

This be the year that I'm done, take you to class like I'm Koro-Sensei 'cause know I'm not here for the fun, hah

{Chorus}

OP

They gon' act like they know me

I'm a man in my own league

Stepping up, they don't stand a chance 'cause, damn, I'm so

OP

Run your mouth, you don't know me

Ain't got nothing to show me

Stepping up, they don't stand a chance 'cause, damn, I'm so

OP

They gon' act like they know me

I'm a man in my own league

Stepping up, they don't stand a chance 'cause, damn, I'm so

OP

Run your mouth, you don't know me

Ain't got nothing to show me

Stepping up, they don't stand a chance 'cause, damn, I'm so (haha)
