

Revolver - Brothers

**It's too late to think of a word of goodbye
You walked away and i know there's no going back
But i'm stuck out here with nothing but time
And memories you've left behind and that got
Stuck in my mind**

**How does it feel to give up your place and your name?
Where do you live? oh how i envy your friends
I miss your voice and the tales you used to tell me
And i could write a thousand words, but you're just
Stuck in my mind**

**Sometimes, i think you're just in my head
I walk around, my mind is racing again
But i got a picture of you on my phone
It helps me out, i feel i'm not living in vain
I hope you feel the same
Why don't you**

**Come home tonight?
Like in the good old days
I think i keep waiting for a sign
But it ain't coming**

**How long before you get caught in the light?
What will you do when someone finds out who you are?
You need my help as much as i need yours and i hope
That someday we'll be like brothers again
I got you on my mind
Why don't you**

Come home tonight?

**Like in the good old days
I think i keep waiting for a sign
But it ain't coming**

**I'm always lost in thoughts
And i can't let you go
Why don't you ever call or see me?
Why don't you ever call or see me?
Why don't you**

**Come home tonight?
Like in the good old days
I think i keep waiting for a sign
But it ain't coming**
