

Poi Dog Pondering - Blood and Thunder

{Verse 1}

Blood and thunder

Blood and thunder

And all the sights and sounds

Of real life wonder

Blood and thunder

Blood and thunder

And all the sights and sounds

Of real life wonder

{Verse 2}

Vim and vigor

Full of piss and vinegar

Wrapping around surround and bound

By ligaments and skin

Leaping along

Springingly long

Bounding and pounding

Down leg walking sidewalks

{Bridge}

The moment of clear and absolute perception

So immaculate at the moment of conception

Strike spark on a lark of inspiration

Getting it down a sort of netherworld dictation

{Instrumental}

{Bridge}

The moment of clear and absolute perception

So immaculate at the moment of conception

Strike spark on a lark of inspiration

Getting it down a sort of netherworld dictation

{Verse 3}

So I'll sharpen my pencil

And rip my stencils asunder

And ready my writer

Full of ribbon and wonder

Blood and thunder

Blood and thunder

And all the sights and sounds

Of real life wonder

{Outro}

Blood and thunder

Blood and thunder

And all the sights and sounds

Of real life wonder
